

Qualifications, training and skills

We believe that everyone working in adult social care should be able to take part in learning and development so that they can carry out their roles effectively. Learning and development helps everyone to develop the right skills and knowledge to enable them to provide high-quality care and support.

Skills for Care estimates show that 35% of the direct care providing workforce in Medway hold a *relevant* adult social care qualification (43% in South East and 47% in England).
